EXAMINER'S AMENDMENT

In the 12/13/07 claim set claims 2-8,11-14 had been cancelled. Claims 1,9-10 were under consideration. An Advisory action was sent out on 1/22/08. Due to the amendment below, the advisory action is moot.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ryan Chirnomas on 2/5/08.

The application has been amended as follows:

Claim 9 has been cancelled.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

Previous rejections and objections have been overcome by the amendment on 12/13/07 and the cancellation of claim 9.

It is noted that claim 1 is drawn to a polypeptide or salt thereof consisting of SEQ ID NO:1 and having a disulfide bond between two of the cysteines contained in SEQ ID NO:1. 37

CFR 1.821(a)(2) states that any amino acid sequence that contains post-translationally modified amino acids may be described as the amino acid that is initially translated. In the instant case, the sequence listing provided for SEQ ID NO:1 does not include the indication of a disulfide bond, however the indication is not necessary since disulfide bonding is a post-translational modification and as such the 'consisting of' language is not improperly broadened. Further, the specification clearly and consistently supports a disulfide bond with SEQ ID NO:1 (See Figure 7 and page 2 of substitute page 2). Further, section 2111.03 of the MPEP states that 'consisting of' excludes any element not specified in the claim. In the instant case (see claim 1) the disulfide bond is specific in the claim.

As such, claims 1,10 of the 12/13/07 claim set are allowed and all other claims are cancelled.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
